**This red polled bull, birthdate 3/30/2016, pictured here at 25 months of age and 1900 pounds, is our senior herd sire, Addiction 1. Bulls have changed a lot since 1979 when we bought our first Beefmaster bull. During these past 40 years we have worked hard to develop a top quality herd of red polled Beefmasters. Addiction 1 exemplifies natural thickness and the “Six Essentials.” A picture is worth a thousand words and he has the EPDs that are necessary to improve your herd!**

## Welcome to Hennegin's Beefmasters

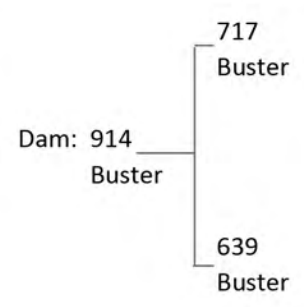

We have been raising red polled Beefmasters for over 20 years. Our goal has been selection for red polled females and males with clean underlines and carcasses packed with meat. We have an ongoing program for constant improvement in the above areas, while staying with the six essentials of the Beefmaster breed.

*Visitors are always welcome!!!
